VOLUME 36

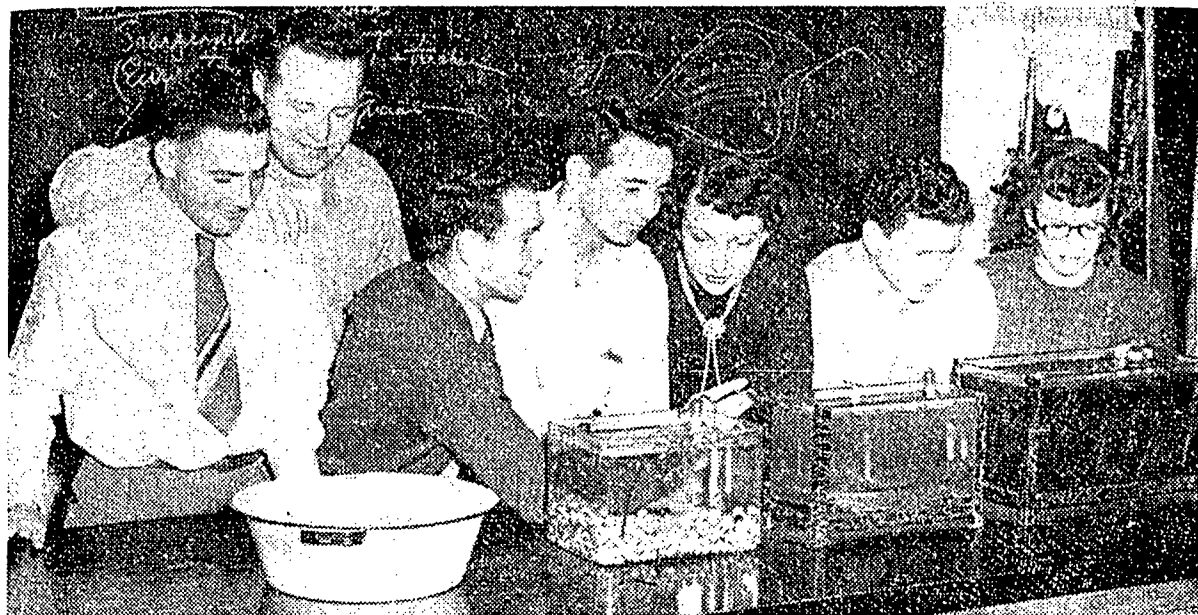

MARYVILLE, MISSOURI, WEDNESDAY, FEBRUARY 1, 1950

NUMBER 8

Preregistration  
February 6-17

## New Dynamic Mardi Gras Will Be Staged Here This Friday Night

### Jeweled Fish Offer Delightful Hobby

It's pure fun, the collecting of tropical fish! Above are pictured some of the students in the biology department who are raising the colorful creatures in their rooms at the Hall, the Quadrangle, or in private homes. From left to right are Paul Fisher, Maryville; Joe Collier, Shenandoah, Iowa; Maurice Williams, Smithville; Dick Elliott, Paris; Isabel Nash, St. Joseph; Joe Walker, Ravenwood; Janice Grooms Walsh, Maryville.

### Study of Biology Presents One Key to Understanding

#### Art Students Observe K. C. Public Schools

Miss Olive S. DeLuce, chairman of the art department, Mr. Elmer Gibson, art instructor, and twenty-four students went to Kansas City, January 16, to observe teaching in the Kansas City schools.

Through the courtesy of the Kansas City Director of Art, Miss Rose Marie Beymer, they saw demonstration classes in art teaching both on the elementary and secondary level.

After the public schools closed the group visited the Kansas City Art Institute where Dr. Smith, the president and a personal friend of Miss DeLuce, escorted the Maryville students through the exhibits and the ceramic sculpture and life classes. A rapid trip through the modern residence districts of Sunset Hill and Mission Hills preceded the return trip.

The publicity department of the Kansas City public schools mentioned at length in the College students on WDAF the same evening.

The following students made the trip: Patricia Agan, Harold Booth, Patricia Barton, Theodore Baker, Clinton Chadwick, Ardra Cornelius, Wilhelmina Edie, Berta Escarra, Max Gray, George Harris, Melvin Hubbell, James Hill, Harland Judd, Marjorie Lewis, Jesse Masters, Austin Pollard, Mary Robinson, Mary Scott, Charlene Welsh, Artie White, Robert Wington, Martha Nelson, and Franklin Bollinger.

#### Frank Bouska Conducts Classes for R. T. Wright

During the illness of Mr. R. T. Wright, chairman of the agriculture department, Mr. Frank I. Bouska is conducting his regular classes.

Mr. Bouska is a graduate of Iowa State College and of Minnesota University where he was, for a number of years, a member of the faculty.

At present Mr. Bouska is operating Oakdale Farms near Ravenwood. He is one of the outstanding registered Angus breeders of Nodaway county, being the importer of the famous Bandy Maid, Miss Burgess blood line from Scotland.

#### Students Acquire Thorough Training

#### Mr. W. T. Garrett Heads Science Department; Dr. Mueller Aids.

By JOHN M. PRICE  
A knowledge of the biological sciences is necessary not only for a well-balanced general education but also for a better understanding of many other fields of learning, for hobbies and for understanding the human organism.

This is a firm conviction of members of the biology department at Northwest Missouri State College as well as modern educators everywhere.

More than 40 students at the College are majoring or minoring in biology. Of course many other students are taking biological courses either to fulfill certain requirements for other fields or merely to "round out" their education.

Department Offers Many Courses  
Biology courses at Northwest State include general biology, an introductory course for students who need only the minimum amount of biological science for their degrees; general zoology and botany, standard laboratory courses; field biology, a study of local plants and animals in their natural environment; and hygiene, which includes physiology and personal and community health.

More advanced studies are bacteriology, invertebrate zoology genetics, and comparative anatomy. These courses are of especial interest to home economics, agriculture, sociology, education, and chemistry majors as well as to pre-medical, pre-veterinary, pre-dental, pre-nursing, or pre-forestry students, to future laboratory technicians, pre-conservationists, etc.

Chairman Garrett Came in 1927  
Chairman of the biology department is Mr. W. T. Garrett, who has been at the College since 1927. Previously he taught at Arkansas College in Batesville, Arkansas.

Mr. Garrett is a graduate of Westminster College at Fulton, and obtained his master's degree from the University of Chicago. He is a member of the American Association for the Advancement of Science, the society of Sigma XI, which is a national scientific fraternity, and the Missouri Academy of Science.

At the College, Mr. Garrett is a sponsor of Phi Sigma Epsilon, social fraternity.

#### Belongs to Scientific Groups

Assisting Mr. Garrett is Dr. Irene Mueller, who has been at the College for seven years. Dr. Mueller is a graduate of Nebraska Central College, and has both her M. A. and Ph. D. degrees from the University of Nebraska.

Dr. Mueller is a member of the society of the Sigma XI; Sigma Delta Epsilon, which is a national scientific fraternity for graduate women; the American Association for the Advancement of Science; and the Ecological Society of America. She is a sponsor of the Student Christian Association at the College.

Dr. Mueller is also adviser on campus plantings at the College. During the past year many new trees and shrubs have been planted under her direction. Perhaps the most interesting additions are the 2,000 Multiflora Rose plants which were put out last spring.

Departmental Aims Are Three  
The aims of the biology department are to provide students with biological knowledge for their general education and health, and to give a background for specialized subjects and graduate studies and to provide training for future teachers.

The biology department makes a laboratory of the whole campus. In this respect, Northwest State is indeed lucky. Long known for its beautiful campus, the College can be proud of the fact that approximately 93 different species of trees are represented in its collection.

College Pond, besides offering recreational and Walk-out Day advantages, is also a part of the biology "laboratory." It offers students the opportunity to study aquatic plant and animal life and is continuously re-stocked and added to by the department.

Campus Is Laboratory  
Also offering limited field facilities is the College greenhouse. There, students may observe plant life, much of which is not native to this climate.

As an outgrowth of previous study several biology students have been introduced to a new hobby. Becoming interested in the aquariums of tropical fish in the laboratory, they have started collections of their own.

Kept in special aquariums in the Quads, Dorm, or wherever the students stay, in water that is thermostatically controlled, these fish seem to have become used to their new environments and most of the students report that their fish collections are progressing satisfactorily. (Continued on Page Three)

#### Honor Fraternity Initiates Thirteen

#### Qualifications for Kappa Delta Pi Stress High Scholastic Rating.

At an initiation ceremony followed by a dinner on Monday evening, January 23, at Residence Hall, Kappa Delta Pi took into its organization 13 students highly rated in scholastic ability, leadership ability and ever-all participation in school activities.

The new members are as follows: Peggy Ford, Lenox, Iowa; Joan Hellerich, St. Joseph; Allan Henningsen, Atlantic, Iowa; Margie Ketchum, Clarkdale; Jeanne Moyer, Maryville; Ruth McDowell, Maryville; Gaylord Meyers, Atlantic, Iowa; Robert Osgood, Tina, Wilbur, Pollara, South Bend, Indiana; Gean Porter, Gower; Thesis Robinson, Weatherby; Marlor Sherer, Grant City; Joyce Smith, Maryville.

Active members and faculty sponsors who attended the initiation ceremony and dinner are as follows: Bill Christenson, Irving Silver, Helen Fisher, Betty Hudson, Dr. John Harr, Miss Katherine Franken, Miss Chloe Millikan.

The Reverend Arthur Raeside, guest speaker, talked on "The Teachers' Responsibilities and Their Contributions to the Future."

Because of the rapid turnover in the membership of the organization and because of the high qualifications needed for candidacy, Kappa Delta Pi has not been active the past year.

#### Naval Equipment Awaits Installation at Lloyds

Equipment for Maryville's new Naval Reserve Electronic Warfare Company has arrived and is now being assembled by the reservists at their training center in the Lloyd Manufacturing Co. building. An installation crew is expected to arrive soon to do the necessary carpenter work and to help the reservists install the radio equipment and set up administrative offices.

Radio transmitters of this unit will go "on the air" immediately upon completion of the installation work. When not needed for official business, the equipment will be made available to naval reserve amateur radio operators. There is at least one "ham" in the unit, and additional men will be qualified as quickly as possible.

Meetings are held every Monday evening from 7 to 9. Attendance is on a strictly voluntary basis and the two-week summer cruise is optional. Uniforms will be supplied for all enlisted men.

There are still some openings for enlisted men, both experienced and inexperienced. Anyone who is interested should see Mr. R. P. Foster or Mr. John S. Taylor for details.

#### Groups Work for World Student Service Fund

February 5-11, sponsors of the World Student Service Fund, the Student Christian Association and the Newman Club, will make their yearly drive for funds for students of the world.

Diana Yip, Shanghai, China, and Oretta Knipmeyer, Alma, are co-chairmen. Berta Escarra, Lima, Peru; Richard Callison, Charlton, Iowa; and Bob Lister, Storm Lake, Iowa, are in charge of the publicity committee.

Other students working on this drive are as follows: from Missouri, Ivolene Crabtree, New Hampton; Frances Kirkpatrick, Bean Lake; Phil Carter, Craig.

Joyce Smith, Maryville; Phyllis Terhune, Forest City; Jo-Anne Stacy, Princeton; Betty Curry, Rock Port; Norine Norris, Independence; Jane Costello, St. Joseph.

Pat McClaren, Elmo; Mary Fink, Oregon; Joyce Bush, Maryville; Jean Long, Maryville; and Norma Cushman, Maryville.

Those from Iowa are Alfreda Karle, Villisca; Joe Collier, Shenandoah; Martha Hill, Coia; Dorothy Taylor, Villisca; Kenny Kilburz, Charlton; Marvin McMorran, Cornin; Lewis Farmer, Plainfield; Mary Jo Vernon, Villisca; and Peggy Cross, Bedford. From Pittsburgh, Pennsylvania, is Frances Erzen.

#### Women Are Upset

The women at the Home Economics house are quite upset about their recent guest.

A little skunk got into the basement and his little odors, picked up by the heating system, have permeated the entire house. Airlocks are working overtime, and the personnel are taking extra studies in skunk control.

#### Mr. Foster Announces Preregistration Dates

Mr. Robert Foster, registrar, has announced that dates for preregistration, February 6 to February 17, will be strictly observed.

Faculty advisers have been informed of changes in class schedules for the spring quarter, and notices of the changes will be posted on the bulletin board for students.

Preregistration will follow the same plan used last quarter in that students will first report to their advisers for help in making out the trial schedule card. Upon presentation of the approved card to the registrar's office, each student will be given a registration booklet, class admittance cards, and class permits. It is advised that the booklet and registration cards be returned to the adviser.

There will be a charge for the late registration of any student now enrolled in the winter quarter who enrolls after 4 p. m., March 1. This is a new regulation and will be enforced for the first time this quarter.

Since many new students are expected to enroll for the spring term, all students now on the campus are urged to complete their preregistration, February 6 to February 17.

#### Dr. Jan Papanek Will Speak Here February 8

Jan Papanek, United Nations official, is scheduled to speak at the College, Wednesday, February 8, at 10 a. m. Dr. Papanek, former ambassador from Czechoslovakia, serves in the world organization on the advisory committee on budgetary and administrative matters.

When his country was "captured" by Russia in the coup d'etat of 1948, he opposed the seating of the new delegation. His oratory has been considered the most stirring yet heard in the world parliament.

He is a graduate of L'Ecole des Sciences Politiques, L'Institut des Hautes Etudes Internationales, and the Sorbonne, Paris; Charles University, Prague; and Hobart College.

DR. JAN PAPANEK

Among the diplomatic positions he has had are the following: commercial attaché in Budapest and in Washington; secretary to Dr. Edvard Benes for parliamentary affairs; consul at Pittsburgh; personal representative of Dr. Benes; minister plenipotentiary and director of the Czechoslovak Information Service; delegate to the U. N. conference on International Organization, San Francisco.

Dr. Papanek is a member of the American Society of International Law. He has written extensively, publishing both books and magazine articles, in this country and in Europe.

#### Jean M. Michaels Plans Army Recreation in Japan

Mrs. Jean M. Michaels, daughter of Mr. and Mrs. R. Bruce Montgomery, of 909 West Third Street, recently arrived in Japan to serve with Eighth Army Special Services.

In her position as recreational director assigned to the First Corps Area, with headquarters in Kyoto, Mrs. Michaels will be responsible for planning and executing a well-rounded recreation program for servicemen assigned in the area.

This is Mrs. Michaels' second tour of duty in the Far East. During 1948 and '49 she was a teacher in the American school in Seoul, Korea.

For two years prior to this she was a teacher at State Teachers College, Whitewater, Wisconsin. She has also taught at the State Teachers College at Kearney, Nebraska.

Mrs. Michaels received her B. S. and B. A. degrees from the College and her M. A. from the University of Nebraska, at Lincoln. She has also done graduate work at the University of Wisconsin at Madison.

#### You've Dates With These Two

MISS MARTHA LOCKE

DR. CLIFFORD L. BISHOP

#### Dr. Clifford L. Bishop Will Open Annual February Series on Sunday

Dr. Clifford L. Bishop, chairman of the education department, will open the 1950 February lectures Sunday at four o'clock in the Horace Mann auditorium. The title which he has announced for his lecture is "The Expanding Concept of Professional Laboratory Experiences for Prospective Teachers."

The second lecture will be given the following Sunday, February 12, by Miss Martha Locke, dean of women, on "A Framework for Understanding."

Succeeding lectures will be as follows: "Development and Suggestions for Revision of the Convention Form of Life Insurance Statement" by Dr. Sterling Surrey, chairman of the business department, February 19; "William Blake and the Divine Imagination," by Dr. Margaret Ruth Lowery, associate professor of English, Washburn Municipal University, Topeka, Kansas, February 26.

The February lectures, which have been given annually since 1937, are open to the public.

Dr. Bishop Has Much Experience  
Dr. Bishop brings to his lecture a wealth of experience in the teaching profession. He has been especially successful as director of the Horace Mann laboratory school since 1947.

Before that he had been an instructor in education at the University of Colorado, Boulder, and an assistant to the director of student teaching in that school. Earlier he had had experience on the junior and senior high levels in Rocky Ford and Boulder, Colorado.

From 1941 to 1946, Dr. Bishop was with the Army Air Force as psychological assistant and aviation psychologist. In 1945 he was appointed Chief, Psychological Center, Far East Air Forces, Manila.

Dr. Bishop has a B. A. degree from Western State College of Colorado; M. A., University of Denver; Ed. D., University of Colorado.

He has been a contributor to the Educational Forum, Teachers College Journal, Educational Research Bulletin, School and Society, Journal of Educational Administration and Supervision, School Review, and Journal of Educational Research.

Miss Locke Studies Field Theory  
Miss Martha Locke will deal with the field theory in her lecture. The discussion will describe the broader aspects of the theory and proceed to its usability particularly with reference to human development and relationships.

Before 1945, the year Dean Locke came to the faculty of this College, she had taught in the Hockaday School for Girls, Dallas, Texas, and in the Dallas public schools. She had also done social work in Dallas County and had acted as visiting teacher in the Dallas schools.

Miss Locke has a B. S. degree

#### Independents Are Astounding Campus

#### Unusual Feature Provides Tops in Thrills, Joys, Laughable Surprises.

#### It's a Formula for Fun!

Faculty as Well as Students Are Invited; Costumes for Affair May Be 'Progressive.'

It's new! It's different! And it's going to be sensational! Come right over, step right up, and attend the colorful Mardi Gras!

It's something you won't want to miss a minute of, not even a second, for Friday night, this Friday night, is going to be jam packed full of entertainment, surprises, and thrills.

Presented in this College for the first time, this event has the possibility of becoming a traditional program.

Come to Two Gymnasiums!  
The Independents are staging the Mardi Gras in the two gymnasiums on the first floor of the Administration building, Rooms 113 and 114.

There'll be everything! The decorations of a splendid party, the side shows of carnival attractions, the barkers, arrayed in colorful costumes, a dance presented under colorful lights. Anything that means enjoyment!

But Why Not Wear One?  
A special costume is not necessary to come to the Mardi Gras, but Walt Stanton, general chairman, states that "women aren't necessary in life either," both being poor excuses for not having one.

Who knows what this will hold in store for you? Have you ever been voted the prettiest baby and crowned before your colleagues? It may happen!

Have you ever ridden to the smoker in a wheel chair? It is not impossible!

Can Faculty Members Dance?  
Did you dream of seeing faculty members perform some idiotic dance before your eyes? Stranger dreams than those have come true! There will be a continual bustling of activities. You can take a seat to play a game of bingo when you need the rest.

Or if you'd rather stroll on, you might stumble across a "painted gypsy" remorselessly garnishing her eloquence to relate an unhappy future of woe to some unsuspecting freshman.

Agents Will Be There  
In the next booth may be an agent of the "Ustern Wention" sending out urgent telegrams to friends and faculty. Also featured, of course, will be the welcome refreshments.

Highlighting the evening, however, will be the special coronation ceremony of the baby king and queen of the Mardi Gras. Votes will be taken in the early evening with pictures of the candidates (taken quite a few years ago) attached. (Continued on Page Three)

#### Mr. Walter Johnson Is KRES Program Director

Mr. Walter H. Johnson, a former graduate of the College, who has been employed by Radio Station KRES, St. Joseph, the past two years, is featured on a recent cover of "Seeing St. Joseph," the weekly guide to the midland empire.

With a major in English and a minor in speech and social science, Mr. Johnson received his degree in 1942. He taught at Benton high school, St. Joseph, before joining the staff of KRES, of which he is now program director.

### Where There's Work, There's Alpha Phi--

Members of Alpha Phi Omega are shown above grouped around their Wishing Well, which was used by the fraternity to obtain money for the March of Dimes campaign. They are, left to right, front row, Jewell Rice, Bill Pease, Irving Silver, Loren Workman, Jerry Bennett, Ed Mickelson, and Dick Frans, president. Back row, left to right, are Joe Collier, James Montague, William Yaculi, Herman Boswell, Frank Stonner, Jack Price, John Stevenson, Myron Rose, faculty sponsor, and Gordon Bennett.

### These Campaign for the March of Dimes

All these men will be honored today at assembly, but one of them, the "ugliest man on the campus," will be presented a giant jackpot of prizes. Sponsored by Alpha Phi Omega, in the interest of the March of Dimes, nine gallants consented to place their features before the mercy of the school in the ugly man contest.

Candidates pictured above are, left to right, Dr. Sterling Surrey, sponsored by the business department; Bill Elam, Independents; Bob Wright, Sigma Tau Gamma; President J. W. Jones, Off Campus Klub; Jack Miller, Phi Sigma Epsilon; Terry Noah, Delta Sigma Epsilon; and Dr. John Harr, social science department. Not shown are Mickey McComb, Barkatze; and Ralph Cushman, Ag Club. Voting is scored by the contributions to the March of Dimes garnered by each man. It is possible that the contest will become an annual affair.

**THE COLLEGE OATH**  
  
"We will never bring disgrace to this, our College,  
by any act of cowardice or dishonesty. We will fight  
for the ideals and sacred things of the College. We  
will revere and obey the College laws and do our best  
to incite a like respect and reverence in others. We  
will transmit this College to those who come after us,  
greater, better, and more beautiful than it was trans-  
mitted to us."

Ferne Williams, Vincent Zuchowski.  
  
**FACULTY ADVISER**—Miss Violet Hunter

**THEY STILL NEED US!**  
  
We students, the leaders of tomorrow, have a  
great task set before us. It will fall into our  
hands, this world.  
  
One way that we can prepare ourselves for  
this undertaking is by contributing to and work-  
ing with the W. S. S. F., World Student Service  
Fund. The world cannot obtain lasting peace  
with ignorance and it is up to us to help lighten  
the hearts of our fellow students in distant lands.  
The W. S. S. F. drive is sponsored on the camp-  
us by the Student Christian Association and the  
Newman Club. The drive will take place during  
the week beginning February 5. Representatives  
of all organizations on the campus will act as so-  
licitors and will make direct solicitations.  
  
Independently, members of the S. C. A. will  
sponsor a square dance on the night of February  
10, and the girls of Residence Hall will give a Chi-  
nese dinner the evening of February 5, at 5:30 and  
6:30. Proceeds of both activities will be donated  
to the W. S. S. F.  
  
Knowledge is the most international of com-  
modities, but also the most perishable. We can  
keep it alive today; it may help to keep us alive  
tomorrow. Remember! They still need us!  
—Robert Lister.

**CAN YOU PLAY?**  
  
Mr. John L. Smay, instrumental director in  
the College music department, in an article in a  
recent issue of The School Musician, says that  
every person who has played an instrument in a  
high school band or orchestra should also partici-  
pate in the College musical organizations. Mr.  
Smay feels that music is a part of every student's  
activities and that there is much relaxation and  
fun in participation.  
  
Any student, who has been active in a high  
school band or orchestra should bring his instru-  
ment with him upon entering the College whether  
he plans to major in music or not.  
  
Instruments are made available for those who  
are unable to provide their own; therefore, any  
person desiring to take part in one of the musical  
organizations may do so and feel that he is ac-  
complishing something for himself and for the  
College.

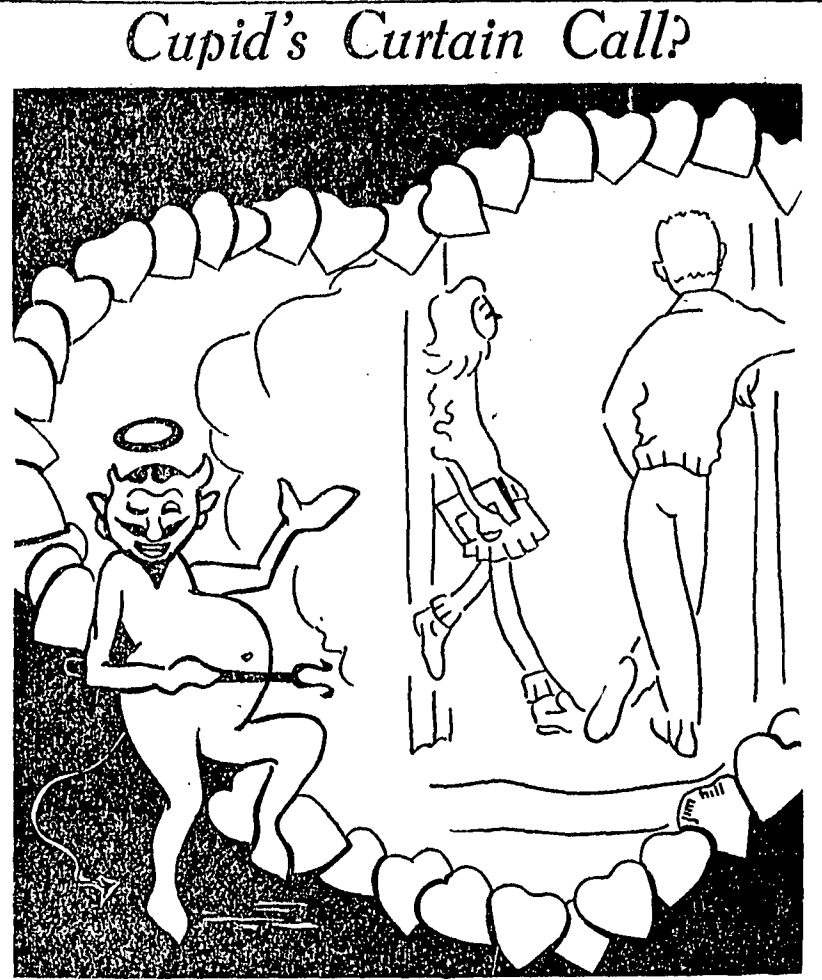

**IT SAVES TIME!**  
  
I am convinced the plan of preregistration is  
an added advantage to our College. It saves time  
on the first day of the new quarter. This plan  
makes it possible for the student to see his ad-  
viser and have his schedule made out. In this  
way the registration cards can be filled out for  
the adviser to sign. When this is completed there  
is little left for the student to do but to go  
through the line and pay his fee.  
—Norma Jean Masters.

**FRIENDS**  
  
Friends are an aid to the young, to guard  
them from error; to the elderly, to attend to their  
wants, and to supplement their failing power of  
action; to those in the prime of life, to assist them  
to noble deeds.—Aristotle.

**THE ALMA MATER**  
  
Let your voices loudly ring,  
Echo far and near;  
Songs of praise thy children singing,  
To thy memory dear.  
  
Chorus:  
Alma Mater! Alma Mater!  
Tender, fair, and true;  
Grateful sons, with love unfeigned,  
All their vows renew.  
  
Years may dim our recollections,  
Time its change may bring;  
Still thy name in fond affection,  
Evermore we sing.

**Business Graduates  
Have Appointments**  
  
Thirty of the '49 Class  
Have Accepted Teaching  
Positions This Year.  
  
Of the thirty-three business ma-  
jors who received their degrees in  
1949, thirty have teaching positions,  
according to Mr. Buford Garner,  
student teacher supervisor at Hor-  
ace Mann high school. Mr. Garner  
has organized a follow up form for  
former practice teachers in order to  
get a survey of their equipment,  
problems and methods. He cor-  
responds with the new teachers,  
giving advice concerning inquiries  
for help in their new positions.  
  
The new business majors and  
their locations are as follows: Mrs.  
John Tilton (Norma Yeater), Kid-  
der; Arby Edwards, Oakland, Iowa;  
William Schweikert, Norway, Iowa;  
Marjorie DeWaay, Boxholm, Iowa;  
Doris Gillispie, Sidney, Iowa; Robert  
Allen, Quitman; Curtis Hartley,  
Truro, Iowa.  
  
Howard McIntosh, Clearmont;  
Eddie Burris, Hopkins; Lee Hoover,  
Underwood, Iowa; Clyde Bowen,  
Centralia; Fred Davis, Fillmore;  
Frances Frazier, Stanton, Iowa;  
Mrs. Helen Pitts, Union Star; David  
Arthur, Kansas City.  
  
Donald McComb, Elmo; Mrs.  
Roland Gordon (Reva Jo Kerns),  
Malvern, Iowa; Gilmer Walker,  
Alber School Commerce, Alber,  
New Mexico; William Bowness,  
Winterset, Iowa; James Court-  
ney, Reserve, Kansas; Harold Don-  
elson, Hatfield; Mary Lou Laugh-  
lin, Knoxville, Iowa; Jean Jacoby,  
Stanberry.  
  
William Robey, Nortonville, Kan-  
sas; Lenore Holbrook, College  
Springs, Iowa; Loren Pierpoint,  
Martinsville; Patricia Hawman,  
Winston; Mrs. Irene Blankenship,  
Cameron; Mrs. Dorothy Martin,  
Grant City, and Ted McClain,  
Cainsville.  
  
Dr. Sterling Surrey is chairman  
of the College business department  
and supervises plans promoting the  
welfare of its business alumni.

### Maryville Airport Has New Two-Plane Hangar

The Sutton Construction Com-  
pany of St. Joseph has completed  
and submitted to Major Orville S.  
Brightwell, a two-plane hangar lo-  
cated at the Maryville airport.  
  
This hangar will be used to house  
two artillery observation planes.  
It is a metal building 30 by 60  
feet which has shop and office  
space on the north and two parts  
and supply rooms located in op-  
posite corners of the building.  
The hangar portion has a rock floor and  
the rooms have a cement floor. A  
rock mat has been laid for 75 feet  
on each side of the building to  
make a parking area and taxi strip.  
The 32 feet by 148 feet concrete  
block motor vehicle storage build-  
ing which is being constructed on  
the College campus for headquar-  
ters battery will be completed this  
month.

### Mr. Garrett's Zoology Class Studies Blue Crab

The students in Mr. W. T. Gar-  
ret's invertebrate zoology class have  
been making a study of the blue  
crab. The blue is edible and  
therefore is of high economic im-  
portance. It has five pairs of walk-  
ing legs.  
  
In studying the blue crab, the stu-  
dents have dissected it and com-  
pared it with the fiddler crab which  
is more active and much smaller.  
The fiddler crab has one large  
pinch; claw.

### Ag Club Plans Annual Spring Judging Contest

Members of the Ag Club met  
Tuesday evening, January 24, with  
their sponsor, Mr. F. B. Houghton,  
to lay the platform for their an-  
nual spring judging contest to be  
held April 13. Arrangements are  
being made for the guest speaker  
and the judges for the contest  
which will include a day of judg-  
ing with the winning trophy pre-  
sented at the banquet.  
  
After the business meeting, the  
latest movies in the science of farm-  
ing and tool making were shown.  
  
"Every Student Get a Student."

### Platter Chatter...by Johnny

Smo-o-o-th! That's the word for the Les Brown  
treatment of "Tenderly." It actually has to be heard to  
be appreciated. Choral background is terrific. Mer-  
cury Records has released a fine album of dance tunes.  
Machito with his Afro band is the artist. "Donkey Ser-  
enade," "At Sundown," and "Rose Room" are a few of  
the sides.  
  
Jazz notes: Jimmy Dorsey has waxed a new album  
of Dixie. This is probably the best stuff that J. D. has  
grooved in many a moon. If you are a fan of two-beat,  
then latch on to these sides. Combo jazz is aided and  
abetted this trip by another album of legit jazz. Charlie  
Parker and his boys do the six sides in fine style. Can  
you imagine "hop" with strings? Parker could...  
and did! Violins and the rest do up "April In Paris" in  
a tasty manner with a few riffs tossed in for kicks.  
  
Speaking of hop, many say that it has passed to a  
better world, but 'ol J. C. is a die-hard radical. How can  
such music, and I mean music, die with such artists as  
Parker and George Shearing in the pic? Well nigh im-  
possible! Shearing? "Never heard of the guy," you'll  
say. Comparatively new on the American music scene,  
George is a great ivory fiddler. Blind since two weeks  
after birth, he migrated recently from Jolly old England  
to turn hoppel. His best efforts so far are "The Con-  
tinental" and "Nothing But D Best" if you can get 'em  
... I can't.  
  
For you brave souls who have suffered to read this  
far, a classic recommendation might stand me in good  
stead. Brahms' Symphony in C Minor should be includ-  
ed in anyone's symphonic collection. I highly recom-  
mend this masterpiece for a soothing, relaxing evening  
before the hearth.  
  
Parting note: Woody Herman's semi-classic in  
swing time, "Rhapsody in Woods," Fine!

**Social Science People  
Demonstrate Audio Aids**  
  
A program was given by the so-  
cial science department of the  
College when the Faculty Dames  
met at the Dream Kitchen, Janu-  
ary 12.  
  
Dr. John L. Harr explained the  
use of audio aids in motivating  
class procedure. "The Battle of  
Gettysburg" was the subject of dis-  
cussion. Andy Runge explained  
the use of a map he had prepared  
showing the background and course  
of events leading to the third day  
of the battle. Recordings of the  
third day of the battle were played  
by John S. Taylor, instructor.  
  
Refreshments were served by  
Mrs. Frank Grube, Mrs. F. B.  
Houghton, Mrs. George R. Gayler,  
Mrs. W. A. Rickenbrode, Mrs.  
James Johnson and Mrs. R. T.  
Wright.

**Business Department  
Acquires New Machines**  
  
New office machines have re-  
cently been added to the office  
machines room, according to Miss  
Effie Mae Morrey of the business  
department.  
  
Additions are a Marchant elec-  
tric crank-driven calculator, one  
Friden electric crank-driven cal-  
culator, and one Burroughs com-  
puter.  
  
Equipment now for use includes  
three electric full key board add-  
ing listing machines that record  
operation on tape; two ten-key  
electric adding listing machines  
that record operation on tape; three  
electric crank-driven calculators;  
one electric key-driven Burroughs  
comptometer; six Felt and Tarrant  
manual comptometers; one vari-  
typer; one A. B. Dick mimeograph  
machine, including mimeoscopes  
and one electromechanical typewriter.  
  
Use of the office machines is for  
the office machines class, book-  
keeping classes and employees of  
offices on the campus. The office  
machines room is open from 7 a. m.  
to 9 p. m. Monday through Friday  
and on Saturday mornings, for the  
convenience of those desiring the  
use of the machines.

**Deadline for Income  
Tax Returns Is Here!**  
  
G. A. Biley, assistant supervisor  
in the division of collection of in-  
come tax, has announced that all  
state returns must be filed on or  
before March 21. The payment of  
the amount due must be attached  
at the time of filing the return.  
The tax becomes delinquent April  
1.  
  
Mr. Biley has listed administra-  
tive and other principal revisions  
in state income statutes as follows:  
(1) delinquent interest rates have  
been reduced to 6 per cent a year;  
(2) a new section has been added  
to the statutes covering non-resi-  
dents; (3) the statute of limitations  
has been changed from three to  
four years; (4) the pre-numbered  
return system has been discontin-  
ued; (5) farm schedules must be  
attached to returns where farm in-  
come is involved.  
  
Instruction sheets for the filing  
of returns and other income tax  
forms for 1949 are now available  
at the St. Joseph City Hall. All  
state income and intangible tax  
returns should be mailed to "In-  
come Tax Division," City Hall, St.  
Joseph, Mo.  
  
**Dick Gordon Becomes  
New Sophomore Senator**  
  
The Student Senate convened for  
the first meeting in 1950, under the  
chairmanship of President Sam Car-  
penter, on January 5, 7 p. m.  
  
Dick Gordon, recently elected  
sophomore representative, was  
sworn into office as Senate member  
for three terms beginning with the  
winter quarter.  
  
Minutes of the last meeting were  
read by Peggy Ford, Student Senate  
secretary, and accepted by the  
members. No old business, however,  
was brought up.  
  
Two new organizations on the  
campus, the Math Club and the  
Music Club asked, through Sam  
Carpenter, to be officially admitted  
into the school's list of clubs. Re-  
quirements for admittance stipulate  
a verbal or written explanation of  
the organization's aims toward the  
betterment of Northwest State Col-  
lege but because of the absence of  
representatives of these two clubs,  
no action could be taken on their  
requests.  
  
J. D. Elliott, also announced that  
the Industrial Arts club would be  
reactivated.  
  
**Dr. H. L. Poynter Leads  
Discussion on Eye Care**  
  
The program for last week's stu-  
dent seminar meeting was a discus-  
sion on the care of children's eyes,  
led by Dr. H. L. Poynter, Maryville  
optometrist.  
  
Dr. Poynter emphasized the im-  
portance of correct lighting in the  
classroom. He showed slides on new  
types of lighting, reflectors for win-  
dows, and ways of developing prop-  
er seating.  
  
Miss Dora B. Smith will conduct  
a follow-up session to demonstrate  
various instruments used to deter-  
mine reading ability, the improve-  
ment of reading, and eye defici-  
ency.

**The Stroller**  
  
Just a sec while I pack away these pink  
slips, 'cause I've been strollin' around a lot and  
have caught the drift of a bundle of interesting  
news.  
  
Here's a notice to all the teachers. When  
you see those midnight lights burning at the  
Dorm or Quad, don't build up your hopes. It's  
only Canasta!  
  
The Stroller, having accidentally strolled  
into a mysterious room at College last week,  
feels quite weak. She hasn't as yet figured out  
exactly what happened. Someone screamed  
"Blood!" threw her on a table, and with some  
unearthly-looking instrument proceeded to take  
many little red corpuscles from her person.  
  
While attempting to restore sufficient en-  
ergy to walk back into the hall, the Stroller  
caught sight of the registration ledger. Num-  
ber 32 had her name and a trite statement say-  
ing: "No blood!"  
  
A new phase of gambling has entered the  
school. Mr. George Gayler now gives examina-  
tions in which the student is against odds of 50  
to 1.  
  
Was just wondering which of the Phi Sig  
intramural teams is really the Left-Overs.  
  
After seeing all those diamond rings float-  
ing around the College the Stroller feels tired of  
walking alone. If anyone has an old diamond,  
just call 49-L between 6 o'clock p. m. and 6  
o'clock p. m.  
  
Your Stroller caught the voice of Nollie  
Letcher... piercing the solitude of the  
night. Upon investigation she discovered the  
singer was Joanne Masters. Man, can she ever  
beat those ivories and sing "Hurry on Down."  
She's a gone girl!  
  
This new Senior play really has it. Better  
make February 23 or 24 an open date.  
  
According to one College "brain," the  
term "step on it" originated when Sir Wal-  
ter Raleigh put down his cloak for Queen Eliz-  
abeth.  
  
Turning back the pages of history, as she  
should have done before mid-term grades were  
recorded, ye Stroller found several interesting  
items.  
  
President Uel W. Lamkin had a motorcycle  
way back in 1835. On nights after a Bearcat  
victory he donned blue jeans, and rode the  
"cycle" in a hair raising ride that would make  
Paul Revere seem a mere amateur.  
  
The Stroller also found the following type-  
written sheet in an old high school book. He  
thought it might be of interest to Dr. J. Gordon  
Strong. It may be old, but it still holds true.  
  
A new element, Woman; symbol, WO; a  
member of the human family. Occurrence: Can  
be found wherever man exists. Seldom occurs  
in the free or native state. Physical properties:  
all colors and sizes. Always appears in dis-  
guised condition. Surface of face seldom un-  
protected by a coating of paint or film of  
powder. Boils at nothing and may freeze at  
any moment; however, melts when properly  
treated. Very bitter if not used correctly.  
Chemical Properties: Violent reaction when left  
alone by men. Undissolved by liquids, but ac-  
tivity is greatly increased when saturated with  
spirit solutions. Sometimes yields to pressure.  
Turns green when placed next to a better ap-  
pearing sample. Ages very rapidly. Fresh  
variety has great magnetic attraction. Note:  
Highly explosive and likely to be dangerous in  
inexperienced hands.  
  
P. S. To the girls in the Dorm. Do you  
answer the "phone" with a plain and simple,  
"Hello?" At the University of Missouri, the us-  
ual is "Who in the Hall do you want?" Or at  
the College Quadrangle Little John answers  
with "Sherwood Forest, Little John speaking,  
Robin Hood isn't here."  
  
Well, toodle-ooo, there's another six weeks  
and pink slips won't be used next time!

**World Affairs**  
  
Question: Where can I find out  
what the UN has really accom-  
plished?  
Answer: The American Associa-  
tion for the United Nations has  
available a new pamphlet, "The  
Achievement" published by the  
State Department. You can get  
your copy free of charge by writing  
to the Literature Department,  
AAUN, 45 East 65th Street, New  
York City 21. Among other sub-  
jects, this pamphlet tells of the  
marked increase in the authority  
of the General Assembly, Security  
Council intervention in threats to  
world peace, the purpose of the In-  
ternational Court of Justice, and  
the advancement of non-self gov-  
erning peoples.  
  
Question: What will be on the  
agenda of this session of the General  
Assembly?  
Answer: The General Committee,  
which consists of the President, the  
seven Vice-Presidents and the chair-  
men of the six Main Committees  
considers the provisional agenda and  
reports to the plenary Assembly. On  
the basis of this report, the agenda  
is adopted. Some of these items are  
expected to be: disposal of former  
Italian colonies, Indonesia, report  
of the UN Special Committee on the  
Balkans, Korea, International con-  
trol of atomic energy, UN Field Ser-  
vice, status of Jerusalem and Arab  
refugee problem.  
  
Question: Who are the new mem-  
bers of the Economic Council?  
Answer: United States, Canada,  
Czechoslovakia, Iran, Mexico, and  
Pakistan were elected for a three  
year term on the Economic and  
Social Council to fill the places of  
the six countries whose terms ex-  
pired at the end of the year. There  
are 18 members in this Council.  
  
Question: How can I find out  
where to get a film on the United  
Nations for my club?  
Answer: The American Associa-  
tion for the United Nations has a  
new pamphlet, World Affairs in  
Films, which gives film and film-  
strip suggestions on the UN and  
related subjects, and how to obtain  
them, for your school, your club or  
your community. You can get a  
single copy free by writing to the  
AAUN, 45 East 65 Street, New  
York City.

Delta Rushees Analyze Magazine Columns

A magazine expose was the theme of the Delta Sigma Epsilon rush party. Editors, critics, and literary people unearthed the potentialities of several columns, the most prominent among these being the love-column.

St. Joseph Architect Begins Dormitory Plans

Walter Boschen, St. Joseph architect, has been given go-ahead signals to draw plans for two dormitories at the College. He received approval from the Board of Regents who met December 20, in St. Joseph. The plans call for two dormitories that will be built from the state's post-war reserve to be matched by College funds.

Captain Edward E. Hunt Pays Visit to College

A recent visitor in the halls of Northwest State was Captain Edward E. Hunt, chief of civilian personnel at the western air force base at Westover, Massachusetts.

'Wishing Well' Collects Coins for Polio Drive

If "wishing" will make it so, the 1950 March of Dimes campaign, conducted on the campus by Alpha Phi Omega, will be a success.

Zoology Students Find Real Pearls in Mussels

While dissecting fresh-water mussels, several members of the zoology class found quite a number of real pearls.

STUDENTS ACQUIRE THOROUGH TRAINING

(Continued from Page One) Gift Started Collection The collection in the laboratory started from a gift. Since that time, the fish have multiplied and other species have been added until today the collection includes eight different varieties.

Carl Poole Is Musician With NBC in New York

Carl Poole, who was one of the trumpet players on Paul Lavall's City Service Band of America program, January 23, attended the College in 1939-40. His wife, the former Nancy Ellen Schnabel, was also a student here.

Dr. C. L. Bishop Takes Position at Cedar Falls

Dr. Clifford L. Bishop of the State College faculty has accepted the position of chairman of the department of education, Iowa State Teachers College, Cedar Falls. His appointment is in effect at the beginning of the summer term.

Come On, Rushees, One, Two, Tri Sig Conga!

Mary Lou Rockwell heads the long line of actives and rushees in the Sigma Sigma Sigma rush party. The theme of the event was Mexican, and the party centered around Mexican habits, traditions, and customs.

Gay Parties End Rushing for the Three Sororities

Sigmatas Go Mexican

Bright decorations from Mexico lent a gay and festive Spanish atmosphere when the active members of the Alpha Epsilon chapter of Sigma Sigma Sigma social sorority of the College entertained Thursday night, January 12, at the Maryville Country Club for the rushees.

From the center of the room hung a pinata bag. Mary Beth Fries broke the bag which permitted the favors of painted scarves, gifts for the guests, to fall to the floor. Marilyn Thompson, rushee, won the prize for pinning the tail on the donkey.

Active members received their guests in Spanish costumes and presented the rushees with boleros and sashes in purple and white, the sorority colors.

After forming a conga line, the group went to the dining room where the theme was continued. Miniature purple hats were used for place cards and huge baskets of fruit centered the tables.

A ceremony for the rushees followed the introductions. Dr. June Cozine, sponsor, gave the address of welcome.

A short program included numbers by the trio, Ruth McDowell, Arlene Blank, and Margaret Berry; violin solo, Miss McDowell; and a sextette singing "Begin the Beguine." Margaret Curry was mistress of ceremony.

Prior to the dinner, the guests met at the chapter house where tomato juice cocktails were served.

Alphas Join Circus

Under a false "big top" of crepe paper, the Alpha Sigma Alpha sorority of the College entertained 46 rushees Tuesday night, January 10, at the Maryville Country Club with a trip to the circus.

The guests were seated at the dinner table at places indicated by balloons labeled with their names. The walls of the lounge had painted placards for the ballyhoo of the side shows. Carnival games were played at the individual booths. Bunches of balloons added color.

Under the direction of Jean Short as ring master, the following program was presented: Clown tap dance, Beverly Johnson, alumna, and Jane Bovard; "Man on the Flying Trapeze," Beverly Henderson; song with action, "Bunny Song," Polly Cramer and Norine Norris; a juggling act, Miss Jessie Juttner; lion and trainer act, Doris Jean Hamilton and Marjorie McGee.

Deltas Become Writers

It was the first conventional meeting of the Delta Sig Post, the rush party held at the Country Club, Wednesday, January 11.

The Delta Sig Post, the best liked magazine of the year, consisted of the world's most famous and widely known commentators, advice on the love-lorn column, the women's world on clothes, little poetry now and then, and the most important part of any paper or magazine, the editorial page.

A song feast and refreshments concluded the meeting. Ham sandwiches, an assortment of cheese, crackers, and relishes were served. No one choked for a drink, for that most delightful, soothing drink was served, coke.

Mr. Taylor Addresses P. T. A. At Maitland

Mr. John Taylor, of the social science department, addressed the Maitland Parent Teachers' Association, January 17, on "Foundation for Better Family Living."

Also on the program were Dr. Paul McNutt, chairman of the College music department, and members of the sextette, Kathleen Huff, Bonnie Polk, Eva Jean McDowell, Rita Zimmerman, Patricia Burton, and Arlene Blank.

Father Dominic Defines "The Mission of Youth"

"The Mission of Youth" was the title of the speech given by Father Dominic, of the Conception Abbey, at the meeting of the Newman Club, January 17.

Library Exhibits New Print Series by Guild

An exhibition of prints done exclusively by women will be on display at the Library, February 1-13. This series of prints, consisting of lithographs, etchings, and block prints, is from the Printmaker's Guild.

The library will remain open some Sunday afternoon during the exhibit so that everyone may have an opportunity to see the prints.

Monty Recovers From New Year's Accident

Monty Pinner, 21-year-old College student, Essex, Iowa, who was critically injured in a New Year's morning accident near Shambaugh, is definitely out of danger and "re recuperating splendidly," according to Dr. Frederick Sperry of the Clarinda Municipal hospital.

Monty and two other College students, Paul Fuerst of Clarinda and Lynn Leffert, of Shenandoah, and four other persons were injured in a head-on collision in a heavy fog. Fuerst, Leffert, and Ardith Tate of Shenandoah were released shortly after entering the hospital.

Miss Betty Liebert of Northboro, Ia., Monty, and Mr. and Mrs. Kenneth Walker of Burlington Junction were hospitalized. The Walkers have since been released.

Miss Liebert has never regained consciousness but is reported to be slightly improving. She has been taken to Mercy hospital in Des Moines.

Swing Your Partners!

"Swing your partners with a daisy doe. Hurry up, gents, and don't be slow."

Come all you guys and gals to the square dance being sponsored by the Student Christian Association for the World Student Service Fund, on Friday, February 10, 7:30 p. m. in Room 114. Mr. Durward DeWitt of Kansas City will be the caller.

Senior Class Revives Traditional 3-Act Play

"The Circle," a three act play written by W. Somerset Maugham, will be presented by the Senior Class February 23, at 8 o'clock.

Mr. Robert Gee, of the speech department, is directing the production with assistance from the seniors.

The following cast has been chosen for the play: Clive Champion Cheney, Bill Elam; Arnold Champion Cheney, Charles Rupe; Lord Portows, Gerald Cox; Edward Luton, Jim Malson; Lady Catherine, Beverly Johnson; Margaret Fischer Snyder; Mrs. Shensone, Mary Virginia Scott; Footman, Butler, Eddie Reece.

Rehearsal for the play began January 24. Production of this play renews an old tradition of the senior organization.

Home Economics Majors Do Off-Campus Teaching

Frances Lemmon and Effie Moffitt, senior majors in home economics, are teaching for four weeks at Liberty high school. They are under the supervision of Miss Ann Epperson of the vocational home economics department at Liberty, and once a week will be visited by Miss Mabel Cook of the College home economics department.

Off the campus teaching is a new idea put into practice for the first time this year at the College. The girls will have the advantages of teaching all the home economics courses offered in the high school and of working with the complete high school program. They will also participate in community work during the four weeks of training.

O. K. Klub Submits New Constitution to Senate

At its last meeting the O.K. Klub adopted its new constitution and will present it to the Student Senate for approval. After selecting a candidate for the ugly man contest, square dancing was enjoyed by the members.

Membership in the O. K. Klub is open to any student who does not live in either Residence Hall or the Quad.

—Fraternal Groups Entertain— Sig Taus Hold Smoker

The Sig Tau smoker was held January 25, at the new Tau Club. Dr. John Harr, fraternity sponsor, gave a short talk on the merits of fraternal life of Sigma Tau Gamma.

Marion Shaver and his newly organized "Hungry Five German Band" presented a short musical program. Members of the band included F. B. Houghton, Jr., John Wallace, Bill Cadle, and Jesse Masters.

Throughout the evening the guests and fraternity members became better acquainted in a congenial atmosphere of cards, cigarettes, and cokes.

The invited guests included the following men: Bob Bagby, F. B. Houghton, Jr., Charles Deardorff, Lynn Leffert, Larry Krause, Dick Buckridge, J. C. Hall, Bill Coker, Max Miller, Jack Bockman, Gerald March, Keith Adams, Thomas Carver.

Ross Combs, Bill Connell, Sonny Asmuth, James Ford, Jim Gaffney, Lawrence Garrett, Darrell Henningsen, Richard Hollenbeck, Lowell Livingston, Robert McClure, Merrell Speigel, Rex Plummer, Max Scott, Jack Smart, Maurice Williams, Gene McClain.

Joe Zelenz, Paul Tobin, George Coulter, Darrell Pett, Bob Simmons, Kirby Lyle, John Kaufman, Gweldon Long, Marlin Carey, Hershel Neal, Charles Thomas, Duane Erickson, John Wallace, Dale Rowley, Jack Belcher, Jesse Masters, Floyd Tripp, Jack Price, Dale Hague, Charles Ramsey, John Yur.

Engagements

Mr. and Mrs. Roland T. Curnutt of Maryville announce the engagement of their daughter, Shirley Ann, and Donald M. Donahue, son of Mr. and Mrs. C. H. Donahue of Hopkins. Miss Curnutt is a graduate of the College. Mr. Donahue has attended the College.

Mr. and Mrs. E. C. Cooper of St. Joseph announce the engagement of their daughter, Joan, and Thomas Verlin Gay, son of Mr. Roy Gay of St. Joseph. Miss Cooper is a senior at the College.

Alpha Circus Time Is Good Acquaintance Time

An entertaining circus theme was the Alpha Sigma Alpha's way of bringing enjoyment to new rushees in a welcoming party. Here the rushees take a breather between the varied events scheduled.

Warrensburg Is Phi Sig Regional Conclave Host

Central Missouri State College, at Warrensburg, was the site for the regional conclave of Phi Sigma Epsilon on the weekend of January 13, 14 and 15. Heading the list of personnel attending the meeting was Shannon Flowers, national president of Phi Sigma Epsilon, and Bill Deskin, national auditor.

Representing the Nu chapter of Phi Sigma Epsilon, Northwest Missouri State, were Jim Poole, Bill Sipes, Jack Miller, Ken Parson, Bill Shiel, Bob Arthur, J. D. Elliott, Frank Johnson, Frank Bruenner, Ken England, Charley Clute, and Lyle Martin.

The meeting was also attended by the Gamma chapter, of Kirksville, the Alpha chapter, of Emporia, Kansas, and the Iota chapter, of Warrensburg, which was the host.

Peppers Light Bearcats' Stairway to Victory

During the half time of the Maryville-Cape Girardeau game, the Green and White Peppers held the spectators stargazing.

With the gymnasium lights out, the girls entered a formation of stair steps with alternating red and blue lights. Their voices blended in singing "Stairway to the Stars," the stars being the Bearcats who would climb the stairs to defeat Cape Girardeau.

The stunt was true to form, as the Bearcats did successfully bound ahead of Cape in the second half of the game.

Phi Sigs Plan Dance

The Phi Sigma Epsilon fraternity is planning a dance in honor of the new pledges to be held at the Country Club, February 23, from 8 to 12 o'clock.

The Home Economics Club has received its new pins.

Phi Sigs Smoke, Too!

The annual winter smoker of the Phi Sigma Epsilon fraternity was held January 24, at the Maryville Country Club. This gathering was held in order to permit prospective pledges and men in the fraternity to become better acquainted.

A group of actives presented a short program and Lyle "Burl Ives" Martin sang some of his songs of the old west. Several of the guests and members played cards.

Refreshments consisted of coffee and sandwiches.

Mr. W. T. Garrett and Mr. H. R. Dieterich, fraternity sponsors, were present at the smoker.

The following guests were present: Ronald Hargin, Herbert Denham, John Skahill, Roy Rupp, Dean Knodle, F. B. Houghton, Larry Krause, Gilbert Sudbrock, Kenny Benham, Sherman Pettet, Carol Wilkerson, Joe Zelenz, Leland Springer, Ralph Spratt.

Wayne Percell, Jim Ford, Marvin Weed, Ernie Connell, Dick Hamilton, George Dunlap, Harold Booth, Dick Buckridge, Bill Cadle, Garman Phillips, Herschel Niel, John Pope, Paul Tobin, Bob Leonard, Charles Watson, Lynn Leffert, Rex Plumer, Roy Brink.

Darrell Henningsen, Bob Dreher, Martin Melkowski, Bill Sparkman, Kirby Lyle, Marion Ayers, Melvin Hubbell, Curt Gaffney, and Chuck Deardorff.

Maryville Gets Medical Detachment from 175th

The Adjutant General of Missouri has announced that the medical detachment for the 175th Military Police Battalion, Missouri National Guard, located at Columbia, had been redesignated as the medical detachment for the 139th Field Artillery Battalion, located at Maryville.

The detachment will continue at Columbia under the command of First Lieutenant LeRoy J. Miller of Columbia and will attend summer field training with the Maryville Battery.

Campus Briefs

Dr. Sterling Surrey, chairman of the commerce department, returned to the College, January 23, after being confined to his home for several days with influenza. A few reliable sources insist that Dr. Surrey was suffering more from shock than anything else, after being selected as the "logical" candidate for the "Ugliest Man on the Campus" contest.

Miss Olive DeLuce reports that two of her students are doing exemplary work. Charlene Welsh has completed a clay statue of a sitting woman which was finished in a black glaze; Franklin Bollinger carved a statue from mahogany of a seal sitting on a rock. He has also done an excellent figure of a rustic mountaineer.

Othel Richards and Erle Heckman, agricultural majors doing practice teaching, did some extra observing the week of January 23, at the Maryville high school.

The addition of a new desk to the Instructional Materials Bureau at the library has solved the dollar-eating stocking problem of Miss Leona Funk, assistant librarian.

The desk is guaranteed positively not to cause runs in precious nylons. The Instructional Materials Bureau has also benefited by the addition of new vertical files and library shelves.

The Home Economics Club, on Tuesday, January 24, served the lunch to those persons who donated blood to the Mobile Blood Unit. The lunch consisted of ham sandwiches, cookies, milk, coffee, and fruit juices. This project is an annual affair for the club.

Members of the Home Economics Club held their bi-monthly meeting, a canasta and bridge party, Monday night, January 23. Refreshments were served.

The Intermediate Club met Tuesday, January 24, at Horace Mann. Miss Neprud, Horace Mann librarian, led a discussion on "Books for Intermediate and Junior High Grades." Refreshments were served at the close of the meeting.

The Future Teachers of America met Tuesday, January 24, at Horace Mann. Several films were shown and plans were made to take the first field trip to the Albany schools where the group plans to help establish a new F. T. A. club. Membership in F. T. A. is open to any student who is interested in teaching.

According to Coach Allgood, attendance on co-recreational nights has been averaging a "fair" sixty. He invites a hundred more to make dates to go to the gym on Tuesday and Thursday nights to take advantage of the many recreational facilities.

Sororities Announce Pledges

SIGMA SIGMA SIGMA Sigma Sigma Sigma now has thirty-four new pledges, making the total of actives and pledges sixty-one.

Wednesday night, January 18, formal initiation was held at the Chapter House, 423 West Fourth Street. All girls were white as they were pledged into the sorority. After the ceremony, the mothers treated their new sorority daughters by taking them to town to eat.

The girls who took their vows are: Mary Bauman, Savannah; Joyce Bush, Maryville; Clea Dinwiddie, Oregon; Marjorie Elam, McFall; Anita Fink, Oregon; Mary Beth Fries, Plattsburg; Opal Fries, Anita, Iowa; Alice Gross, Cameron; Marilyn Hartel, Plattsburg.

Metta Jensen, Stanberry; Charlene Kline, Maryville; Marjorie Lewis, Cameron; Beverly Elms, Rock Port; Pat McClaren, Elmo; Eva Jean McDowell, Maryville; Jo Magnuson, Kansas City; Isabel Nash, St. Joseph; Dorothy Noelsch, Oregon.

Martha Snickler, Roseville, Illinois; Marilyn Thompson, Hatfield; Anna Mae Walker, Stanberry; Jo Ellen Wilson, Maryville; Belle Sickles, Mt. Airy, Iowa; Virginia Bird, Maryville; Mary Schulte, Oregon; Jeanne Overstreet, St. Joseph.

Jane Grisham, Gower; Mary Jane Peck, Tarkio; Donna Slattery, Ottumwa, Iowa; Norma Mor-

gantage of the many recreational facilities.

Mr. A. J. Cauffield and his geography class advise anyone wishing to use the films at the Horace Mann auditorium to be sure to get information from the office as to whether the room is vacant. It seems that Mr. Cauffield and his class recently went to Horace Mann to see some films only to find that the room was occupied.

Doris Jean Hamilton, who finishes her work at the College this quarter, has been accepted as student medical laboratory technician at Kansas City Research hospital. She will begin her new work April 1, and expects to take one year to complete the course.

James Allen took a medical aptitude test at Omaha, Nebraska, at the University Hospital, January 16, and was interviewed at the University Medical School, Columbia, Saturday, January 28. He hopes to be in a medical school next fall.

Tonight, at six o'clock, a dinner and program will be held in Kansas City at the Business and Professional Women's Club, 1008 Walnut, for all graduates and former students of the College who are now living in that vicinity.

Miss Rachael Taul, of the social science department, gave an illustrated lecture on her travels and study in England, Norway, Sweden, Western Germany, Austria, Switzerland, and France at Maryville Kiwanis Club, Tuesday, January 24.

A set of five Charlie Chaplin films made in 1914 and 1915 were shown at the assembly at the College, January 18. The films were obtained from the Museum of Modern Art in New York City as a replacement for General Leslie Groves, who was originally scheduled to speak.

Miss Dorthea Hall, English instructor was received Saturday into the Oblates of St. Benedict at the Abbey Basilica in Conception.

Miss Carol Bell Williams, playwright and actress, presented her original "Remember the Ladies" at assembly January 23. Miss Williams' interpretations of Dr. Elizabeth Blackwell, Clara Barton, and Susan B. Anthony showed versatility; the applause from her impersonation of a "Female Typewriter" attested her ability as a comedienne.

Wedding

Hutchinson-Eddleman Mrs. R. H. Swank, of Graham, announces the marriage of her daughter, Jeanne, of Richland, Washington, to Robert M. Eddleman of Kennewick, Washington, son of Mr. and Mrs. W. P. Eddleman of Gastonia, North Carolina, December 27. Mrs. Eddleman was a former student at the College.

ALPHA SIGMA ALPHA

New pledges of Alpha Sigma Alpha are Sue Condon, Kathleen Young, Jean Long, Martha Ingels, Betty Williams, and Joyce Bailey, Maryville; Jane Costello and Barbara Roush, St. Joseph; Audrey Bental and Maribelle Gee, Shenandoah, Iowa; Jackie Ashurst and Ann Taney, Excelsior Springs; Kathleen Hains, Mt. Auburn, Iowa.

Shirley Jennings, Ottumwa, Iowa; Pat Agan, Chillicothe; Nadine Cramer, Pasadena, Texas; Frances Erwin, Pittsburg, Pennsylvania; Alyce Whitcraft, Russell, Iowa; Peggy Cross, Bedford, Iowa; Norma Randall, Forest City; La Rue Butler, Corns, Iowa; Sandra Gardner, Bethany; and Beverly Dunlap, Cameron.

DELTA SIGMA EPSILON

The following girls have become pledges to the Delta Sigma Epsilon sorority of the College: Jo Ann Cutler, Northboro, Ia.; Mary Ellen Daniels, Lathrop; Alfreda Karle, Villisca, Ia.; Dorothy Ann Taylor, Villisca, Ia.; Carolyn Turner, Hopkins, Ia.; Barbara Hudson, Carrollton; Carolyn Butt, Blanchard, Ia.; Dorothy McCartney, Tarkio; Bonnie Cannon, Beverly; Rosetta Reed, Jamesport.

# Second Round of Conference Play Begins With Kirksville Tuesday

## Championship Mist Displays Some Hope

Maryville Tallies Will Be Revengeful of Two Defeats Last Year.

## Bulldogs Have Top Team

Opponents Have Labeled Bearcats As Sharp Contenders; Previous Games Show Styled Quintet.

There will be an all-important conference basketball game, February 7, with the Kirksville Bulldogs of Northeast Missouri State Teachers.

Coach Milner will be pulling hard to begin the second round of conference play with a conclusive victory.

With him he'll have the sharp defensive team that snapped Springfield's winning streak at ten games, and the powerful offensive quintet that surmounted the Cape Girardeau score in a second-half duel to win by eleven points.

Bearcats Profit From First Half At the writing of this article, however, the result of last night's contest with Kirksville is unknown. Whatever the outcome of that engagement was, there is still information which has been elevated by the Bearcats in the last few games.

The Maryville basketball squad lately has proved to be a team that profits from the experience of a first half. It is a definite credit to the Coach who can give his quintet essential advice necessary to be a winning team. If the Kirksville encounter was fatal, there need be more fear on the Bulldogs' part, because they will be facing learned Bearcats on a home court, a combination that is worth several points in any game.

Tall Fellows Will Be Met Kirksville will have an array of tall fellows on their team, but 6'6" Slim Tanner and 6'5" Al Henningsen will be able to handle any difficulties that may arise in that respect.

Although Cape Girardeau is the most famous conference team for fast breaking plays, the Bulldogs aren't to be denied their share of scoring fast breaks. However, a screening drive-in by Coach John Adams' Indians proved futile after two accomplishments; Maryville players tightened their man-to-man defense and stymied the Cape attack.

Scores Favor Bearcats Comparative scores in early conference play favor the Bearcats. Springfield, on its northern basketball trip, dropped its first game of the season to Maryville, 40-30, but rejuvenated itself with a two point win over the Bulldogs. Kirksville has beaten Cape in conference play by a majority of four points, 46-42. Cape suffered an eleven point mishap at the hands of the Bearcats, 49-38.

Whether or not the powerful quintet that played championship basketball for Kirksville two years ago can be reflected will have to be seen next Tuesday night. Last year there were faint traces of that famous team when Kirksville beat Maryville twice, 57-38, and 53-42.

## Mr. Leland Hamilton Is Given New Directorship

Word has been received at the College of the transfer of Leland Hamilton, formerly of Maryville, program director for boys and girls of the Appleton, Wis., YMCA, to the position of youth director of the Southtown, Chicago, YMCA, as of Feb. 1, 1950. The position, as described by Merrill Eneyart, city-wide boys' secretary of Chicago YMCA is "The largest youth department of the thirty YMCA's in the Chicago Association."

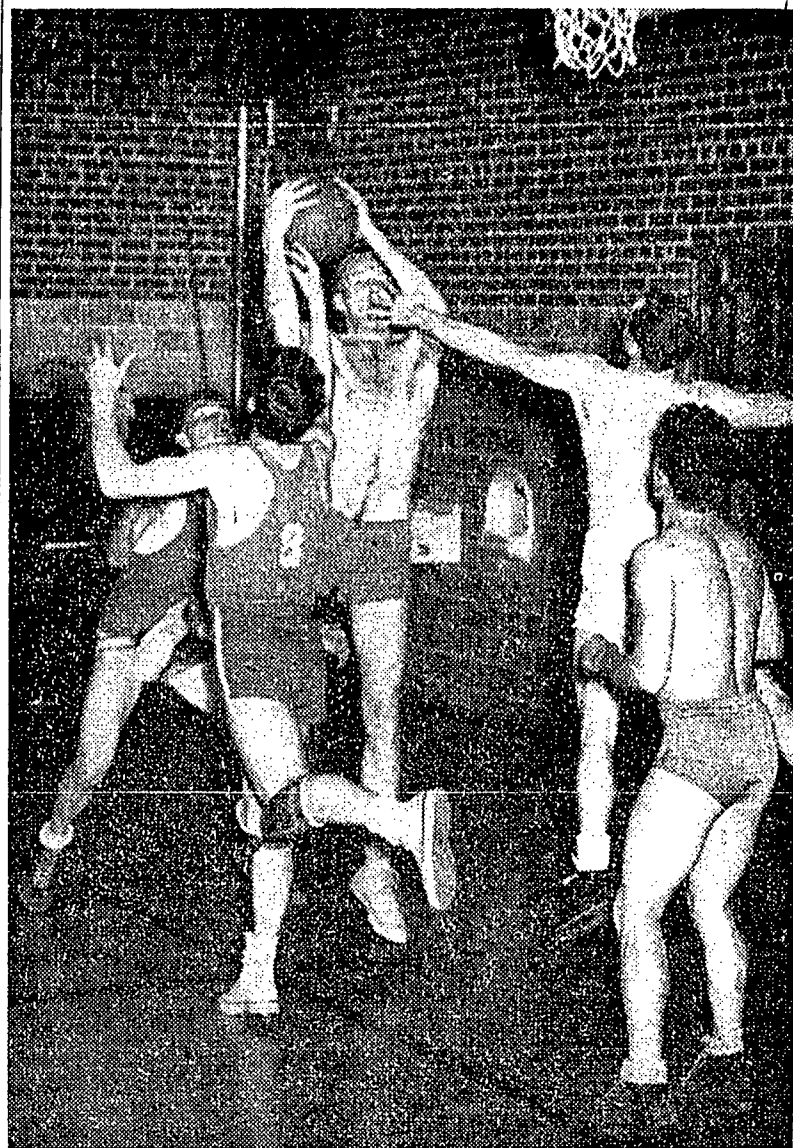

Hamilton also will serve as director of the Southtown YMCA summer camp, Camp Cutten, near Lake Villa, Ill. Hamilton is a graduate of Northwest Missouri State College, of 1941. While a student at the college he was active in the student YMCA and other religious programs on the campus. For the past two years he has served as program director of the boys and girls department at Appleton, and was associated with the Sioux City, Ia., YMCA before going to Appleton.

Mrs. Hamilton is the former Ruth Wray, daughter of Mr. and Mrs. B. L. Wray of West Second street. They have two children, Karen, 3, and Cheryl, 6.

## Notice

Scheduled for this week in co-recreational activities are tournaments in ping pong, volleyball, and badminton. All top-notch performers are urged to participate for they may walk away with the winners' medal. Watch the bulletin boards for further information.

## Intramural Action Goes Amiss

Bob Robinson of the National Guard intramural basketball team isn't guarded too well in the battle between the Screwballs and the National Guard of the Red League.

## .. Random Shots ..

By DEAN KNODLE

Orchids to students of Northwest Missouri State who have displayed pep and vitality in supporting the basketball team. The hardwood squad is your representative whether at home or on the road. If you back the team consistently, it will continue to show a fine brand of basketball and mark up needed wins.

The crowd was standing when Max Hochebauer faked his guard and drove in for a lay-up with five seconds remaining in the Schmoos Big Chief intramural headliner. It was then the official scorer informed the Schmoos star his team was ahead 47-24. Max's only comment, "Why doesn't somebody tell me these things?"

Ronald Wood and Gene Ceglenski will graduate at the end of the winter quarter. Both have been active players on this season's basketball squad. Ceglenski is a veteran eager and will leave a fine record of his years of active competition as a Bearcat. Wood has flashed good form this year and shows the hustle the fans like to see.

In a recent "Green League" contest, the Independent team swamped the Tigers 97 to 7. The powerful club continues to be the big gun in its division. Incidentally, in the contest, Manager Walt Stanton arched home 22 baskets and 6 free throws in seven attempts for the grand total of 50 points.

President Blanche Dow Gives A.A.U.W. Lecture Between speaking engagements of Dr. Blanche Dow of Nevada Thursday night to the local chapter of the A. A. U. W. and Saturday in Omaha, Neb., at a Founder's day luncheon of the Sisterhood of the P. E. O., and a dinner meeting of the A. A. U. W., several social functions were given in her honor.

Following her address on "Aims and Objectives of the A. A. U. W.," a reception was given in the Home Economics department of the Northwest Missouri State College. Hostesses were Miss Stella Myers, Mrs. John Mauzey and Miss Neva Ross.

Leslie White received a small group informally Friday afternoon for Dr. Dow at his apartment, 101 East Sixth street, after which she was a guest for dinner of Miss Ora Barmann, 118 West Sixth street.

Mrs. Albert Kuchs and Miss Chloë Milliken entertained from 8 to 10 Friday night at the Kuchs home, 614 North Market street, when the guests included members of a former faculty bridge club with additional guests.

Dr. Dow, former head of the foreign language department of the local college, is now president of Cotter College of Nevada. She is vice-president of the A. A. U. W. in charge of the southwest central region and treasurer of the International Federation of University Women.

## WAA Basketball Teams Compete in Tournament

The Women's Athletic Association met in Room 113 on Monday January 16, and elected the following girls as basketball captains: Margaret Teaford, Joyce Werhli, Joan Cutler, and Margaret Berry.

Teams were then selected and the girls began playing in a round robin tournament Monday, January 23. The Jay Hawks were the winners in last year's tournament.

Francis Huntsman, president, has left school to be married and Joyce Werhli is the new president. A new president will be elected to take Joyce's place.

## Polio Benefit Is Held in Gymnasium

Junior Varsity Players Whip National Guard Explosively 54-24.

A March of Dimes benefit, consisting of a volleyball game between the local Lions and Kiwanis Clubs and a basketball game between the National Guard and the College junior varsity teams, was staged at the College gymnasium Wednesday night, January 25.

In the volleyball game the Kiwanis Club surged from behind to swamp the Lions Club, 21-12. Several members of the College faculty participated in this contest.

The junior varsity downed the National Guard team, 54 to 24, in the basketball game. The first half was closely contested, and at the intermission the junior varsity led 24-17. Coach "Whitey" Meyers gave his junior varsity team a pep talk at halftime and they surged back for the final period outburst allowing the soldiers but one field goal in the second half.

Coach Dewey Allgood, assisted by several members of the "Intramurals and Officiating" class, was in charge of the benefit. Because of the almost zero weather, the number of spectators was far below the many expected.

Forty-two pints of blood were collected when the Blood Bank, sponsored by Alpha Phi Omega, visited the College Thursday. The quota was 60 pints.

## Springfield's Sports Editor Shows Surprise at Maryville's Victory

Although many Bearcats have claimed that the Springfield victory was not a surprise, Randall Gover, sports editor of the Springfield paper, "The Southwest Standard," wrote the following, January 20:

"Surprising, isn't it, what can happen in the space of three short days? A week ago the Bears were in the MIAA driver's seat—undefeated in ten games—and, what with Maryville and Warrensburg having their non-conference troubles, the railbirds were ready to sign the conference title over to SMS... look, stock, and barrel."

"But a monkey wrench somehow got caught in the mechanism. Some one forgot to tell Maryville the Bears were unbeatable, so the unpredictable Bearcats wrote 'finis' to that fancy win streak the Bruins were unraveling. And... just by way of adding insult to injury... Kirksville battled the wounded Bruins to a standstill before succumbing in the final few seconds of play."

"Of course it just doesn't add up. We could cite comparative scores which would favor the Bears by ten to twenty points over Maryville, and by twenty to thirty points over Kirksville, but... that's basketball. Breathes there a man who can figure it out on the basis of comparative scores?"

More than 1,000 persons attended the program given in the College auditorium last Sunday afternoon by the Kansas City Barber Shop Quartets.

## Eleven Point Margin Gives Bearcats Game

Cape Girardeau Ties MIAA Tussle 24-24 at Half Time Intermission.

By GEORGE DUNLAP Coach Ryland Milner's Maryville Bearcats racked up their second MIAA conference victory Friday, January 20, at the expense of Cape Girardeau Indians, 49 to 38.

The Bearcats led throughout the first half, but Cape came through with a burst of power in the closing minutes before intermission to make it a tie ball game at 24 all when the period ended.

Buckridge Breaks Tie Cape continued to make it a ball game after the rest period, but it was Buckridge who dropped in the first two-pointers to break the tie. The Indians surged back and promptly tied it a 26 all. Maryville broke it up again on Pete Younger's long goal, but Cape again knotted the count. Buckridge hit the bucket again to put the Cats in front, and from there on out the Maryville Bearcats began stretching their lead.

During the initial stanza the Indians had their eyes on the hoop and were spitting the net with some beautiful shots from far out. But in the second canto Cape went blind and seemed to be lucky if any shots hit the rim of the bucket, let alone go in.

Meanwhile the Bearcats were matching their first half play shot for shot. Maryville hit 9 field goals in each half, but came up with one more free throw in the second period than in the first.

Henningsen and Younger Score Al Henningsen and Pete Younger battled for high scoring honors, hitting for 19 and 14 points, respectively. Both Bearcats counted six field goals, but Henningsen cashed in on seven out of nine charity tosses while Younger hit two of four.

Kurby Lyle and Dick Buckridge played their usual brilliant game; Slim Tanner showed great promise of filling the weak spot in Coach Milner's starting line-up.

Shirley McGinness, of Barnard, has won the American Legion oratorical contest at Horace Mann.

## Phi Sigma Left-Overs Defeat Regulars 29-28

The Left-Overs of the Phi Sig basketball team defeated the Regulars, January 24, in the Horace Mann gymnasium by a score of 29 to 28.

Observers concluded that the Left-Overs would have had a greater score had not the Regulars stalled the ball in the last 30 seconds.

"Mighty" Reece, captain of the Left-Overs, was proud of his team, but considered himself the wheel of the game. He scored the decisive point.

## Bearcat Trip Schedules Two Important Opponents

Next week end the Bearcats will begin the arduous task of traveling and have that coupled with the daring feat of meeting Warrensburg and Springfield quintets.

Friday, February 10, Maryville will battle the Warrensburg Mules, and Saturday, February 11, Springfield will be the opponent.

The Mules have been playing commendable ball, and in conference play have an errorless record. Having beaten Rolla by fifteen points and Cape by sixteen, Warrensburg promises to be a stout contender.

Coach McDonald's Bears, on the other hand, have already been dumped by the Bearcats, 40-30. This contest, however, will be played on Springfield's home court. If the Bearcats survive these battles with victorious honor, a corner of the showcase can be dusted for use.

## Undefeated Quintets Become Scarce Items

Single Elimination Plan Will Be New Program Used in Tourney.

Intramural basketball has begun to take its toll of undefeated quintets. Latest victims were the M Club Schmoos who succumbed to the sharper shooting of the chief rivals in its league, the Tom Cats, who have yet to meet defeat.

Other teams still pursuing the unbeaten ways are the Shieks, Independents, and M Club Jelly Beans. The feature game of the week will pit the classy Shieks against the high scoring Independents. Another attraction will be the meeting of the Jelly Beans and the up-coming Phi Sigs.

Following are some notable scores of recent games: Tom Cats, 34—Schmoos, 20; Black Danliss, 32—Lucky Seven, 29; Screw Balls, 28—Big Chiefs, 20; Left-Overs, 37—Has-Beens, 18; Independents, 37—Tigers, 8.

Incidentally, in the Independents' top-sided victory over the Tigers, Walt Stanton burned the nets for fifty points, by far the high individual game performance of the current season. This prolific outburst put him in the intramural scoring lead.

The intramural tourney, will be held in about a month, will introduce a single elimination system in place of the customary double-elimination setup. This should eliminate much of the necessity of carrying out the affair to such lengthy proportions.

## Listless Maryville Maintains Top Honors; Rolla Is Convinced 51-38

Henningsen Is Sensational Rebounder and Scores Seventeen Points.

The Maryville Bearcats retained conference leadership last Friday, January 27, when they downed a determined Rolla quintet 51-38. Coach Ryland Milner's team now is undisputed leader in the MIAA, Warrensburg having lost to Springfield 53-45.

The Bearcats led all the way in defeating the Miners while playing in a somewhat slipshod fashion in the first half. But the Cats threw up a tight defense that bothered the visitors and had the better average on getting the rebounds.

Centers Are Big Scorers Lithe Jim Scott, 6 foot 4-inch Rolla center, was the chief scorer for the visitors, getting half of their 38 points. He outpointed Al Henningsen, Maryville center and chief scorer. Scott hit seven field goals and made five free throws for 19 points, while Henningsen hit eight field goals and a lone free throw for 17 points.

Scott had a right-handed hook shot from the side of the court that was difficult to guard. Meanwhile Scott was unable to stop Henningsen on the rebounds, the tall Bearcat getting three tip-ins in the first half.

Pete Younger who generally is Maryville scoring threat, didn't score in the first half. He came back in the second to score nine points. Meanwhile Slim Tanner, Maryville forward, was hitting from the circle. He connected five times from the field.

With the Bearcats leading from 12 to 15 points Coach Ryland Milner poured in reserves at the tail end of the game, George Coulter, the Panama lad getting the only fielder for the frosh.

Little Dick Buckridge was hustling on the Rolla backboard, getting many of the rebounds and in the second half he connected for two buckets. Kirby Lyle, the acting captain, scored more than usual, getting eight points.

Puts Up Good Scrap Stocky Eldo Koppelman, 5 foot 10 Rolla forward, had a peculiar jump, two-handed toss from the outside. He connected three times from the field.

Rolla put up a good scrap in the

first half. After Maryville gained a 13 to 6 lead the Miners narrowed the gap to a point as Scott, Koppelman and Burger rimmed the hoop from the field. Henningsen put on a 6-point scoring spree as Scott got 2 points. Lyle hit from the side. With only a few seconds left Scott scored to narrow Maryville's lead 24 to 18 at the half.

As the second half started Maryville's two tallest, Henningsen and Tanner, scored on a push and side shots. Koppelman broke fast to score for Rolla. Younger got on the score sheet on a fast break. This gave the Cats a 10-point, 34 to 24 lead with five minutes gone. Buckridge hit from near the line before Koppelman canned a side shot. Henningsen got his favorite turn jump shot and Younger added four points in a row.

Lead 15 Points

At 10 minutes Lyle hit a fielder to give Maryville a 44 to 30 lead and Maryville got its longest lead, 46 to 31, when Buckridge got his last bucket. Tanner fouled out at fifteen minutes.

Maryville hit 37 per cent of the shots taken from the field. Maryville took a total of 59 shots, 31 in the first half and 28 in the second half, making 22. Rolla took 49 shots, 22 in the first half and 27 in the second half, making 15.

Maryville's next game is Jan. 31 at Kirksville; then Kirksville comes here for a return game Feb. 7 and after that there is a blank on the home court until Feb. 21. In the meantime the Cats will play at Warrensburg, Springfield and Rockhurst.

## Music Department Gives Third Program of Series

State College was scheduled to present last night the third concert of its chamber music series at the Horace Mann auditorium. Thomas Pierson, a member of the music department faculty, was to conduct the chamber orchestra.

The following were to take part in the program: violinists, Ruth McDowell, Eva Jean McDowell, Beth Pierson, Margaret Snyder, Deloyce Harrington, Helen McDonald and Rita Zimmerman; cello, Norman Clouse; flute, Anita Pink; clarinet, Marion Sherer; French horn, Bill Baker, Roy Jenkins; trumpet, Jack Moore and Mary Jo Winn; trombone, Harold Tarpley; and percussion, Bob Wiard.
